PROFILE

A passionate frontend web developer with experience in HTML, CSS, JavaScript, TypeScript, React, and Tailwind CSS. Skilled in building responsive and dynamic web applications with a focus on performance and user experience. Proficient in using Appwrite for backend services. Eager to contribute to challenging projects and grow in a collaborative team environment.

COURSES AND CERTIFICATIONS

SINDH GOVERNOR HOUSE

2024- PRESENT

- Certified Cloud Applied Generative AI Engineer (Ongoing)

PROJECTS

Full Stack Blog Application with Authentication

React, Appwrite and Tailwind CSS

- Developed a full-featured blog application using Appwrite for backend services (authentication, database).
- Implemented user authentication and CRUD functionality for blog posts.
- Ensured data security and efficient handling of user sessions.

Resume Builder

HTML, CSS, JavaScript

- Built a resume-building tool where users can enter details and generate a structured resume.
- Applied dynamic form handling with live preview for real-time updates.

Todo List

React, Tailwind CSS

- Created a responsive and user-friendly to-do list application using React and styled with Tailwind CSS.
- Added features such as task creation, editing, deletion, and local storage for persistent data.
